

Member and Affiliate Organizations

The Transportation & Land Use Coalition (TALC) is a collaboration of environmental, social justice and community groups. TALC's overarching goal is to involve a broad spectrum of organizations and individuals in transportation and land use issues and to provide policy recommendations that help create a more environmentally sustainable and socially just region.

All the organizations listed below have signed TALC's platform (available at www.transcoalition.org). Member groups (designated by an "M" in the list below) make a larger commitment by designating a representative to attend and vote at meetings, report back to their organizations, and pay organizational dues. For information on joining TALC, please visit www.transcoalition.org/membership or call 510-740-3150.

REGIONAL AND NATIONAL GROUPS

BayPeds (M)
 Bluewater Network
 Center for Third World Organizing
 Community Design and Architecture
